

Starting in early 2021, Zillow transitioned from a listing distribution portal to a Brokerage and became a full participant of local MLSs. As part of this transition, Zillow implemented a Rental program. The MLS™/CLAW is no longer including Rental listings in the feed provided to Zillow. If a Brokerage wishes The MLS™/CLAW to syndicate the company's rental listings, the Broker of Record is required to complete and sign the Opt-In Form below and email it to [IDX@themls.com](mailto:IDX@themls.com).
