Ready, Set, Market

automatically creates professional direct mail postcards for your New Listing or just Sold Property. With each New Listing or just Sold Property the new software takes this information and creates for you a direct mail piece featuring the property.

It comes to you by email and allows for quick edits, you can use your own mailing list, or buy one online. With just a couple of clicks you can order it - everything else will be handled for you. Professional designed, easy to use and automated.

With The Ready. Set. Market Software, The MLS®/CLAW makes it easier than ever to market your listings.
